

Due to the COVID-19 pandemic, the Benefis Teton Medical Center Foundation (BTMCF) Board of Directors, has decided to present the annual data for 2020 in the print format in lieu of our usual in person meeting.

2020 saw the opening of the Solberg Endowment in honor of the Solberg Family who have been incredibly supportive of our Foundation and hospital. The proceeds from this endowment will be used for improvements that enhance the daily lives of the residents who call our facility home.

SOLBERG ENDOWMENT

40%

Celebrating our 75th year, our goal was to increase our general Endowment to \$500,000 through focused giving campaigns. We were able to achieve this and ended the year with \$595,699 in our Endowment. This represents a 40% increase.

Shadows

of the Past

Our Annual Art Auction looked different this year due to COVID-19 restrictions. We moved the majority of our event online while only hosting 50 live attendees. We had outstanding sponsorship support as well as wonderful online purchasers who made the 2020 auction a success!

2020 saw many challenges across the state, nation and world. We were unsure of how the financial volatility would affect our underlying mission. All in all, we are very happy with our donors and their continuous support in 2020. The future is bright for the Benefis Teton Medical Center Foundation and we are excited to move forward with projects which enhance healthcare in Teton County!
