

## **Endocrinologist – Montana**

Benefis Health System, one of Montana's largest medical groups, is seeking an Endocrinologist to join our team! Our outpatient practice offers a physician and nurse practitioner colleague in addition to a large group of internists on the same floor. The team also has experienced Dietitians and Diabetes Educator working with various patients in a well-established program.

### **Details**

- Dynamic team consisting of an Endocrinologist, a Nurse Practitioner who has spent many years in endocrinology, a Pediatric Endocrinologist, Diabetic Educator and Dietitians
- Practice is shared with a strong group of 7 Internal Medicine colleagues and located in the same building as additional outpatient primary care and specialty providers. The clinic also has an outpatient infusion suite area
- In-office procedures including but not limited to: Insulin pumps, CGMS, thyroid biopsies, thyroid ultrasound
- Practice is 100% consultative endocrinology with **no call**
- Clinic is open Monday - Friday and there is opportunity for flexible scheduling, including 4 day work week or week on/week off depending on personal desires
- Opportunity to participate in telehealth initiatives and rural outreach if desired
- Visa sponsorship if needed (with many years of immigration success!)

**Compensation and Benefits** Great compensation structures with guaranteed salary and RVU bonus structures with opportunities to build a successful practice based on your desire. Benefits offered to employees include: generous 8 week paid time off, malpractice coverage + tail, health, dental, vision, disability, and life insurance, as well as a 403B plan with 5% match and additional pre-tax savings programs for retirement.
