Great Falls, Montana

Great Falls is a city of 60,000 population, with a draw of over 275,000 in north central Montana. We experience very mild winters and enjoy blue skies over 300 days per year. Great Falls is a wonderful and safe place to raise a family, with nationally ranked public schools and an average commute of under 12 minutes, making the quality of life in Great Falls unsurpassed in the Rocky Mountain West. Additionally, the Missouri River, a blue-ribbon fly-fishing destination, runs through the middle of town. Outdoor activities include camping, hiking, horseback riding, water and snow skiing, rock and ice climbing, boating, white-water kayaking, off-road motor sports, upland bird, waterfowl, and big-game hunting.

Benefis Health System

While enjoying the Big Sky Country, Known for breath taking landscapes and an adventurous outdoor lifestyle, you'll take pride in working for Benefis Health System, one of Montana's most progressive and modern healthcare facilities with 500+ beds and over 300 members on medical staff representing 40 specialties. Awarded "Best Places To Work in Healthcare" 6 consecutive years now, our state-of-the-art facilities and cutting edge technologies make Benefis an extremely competitive health system for both patient and employee alike.
